

GREG HOBELMANN, MD, MPH

Dr. Greg Hobelmann is a staff psychiatrist at Ashley Addiction Treatment. He completed his psychiatry residency at Johns Hopkins in 2016 after completing an anesthesiology residency and pain medicine fellowship at Johns Hopkins in 2006. He has also received a Master of Public Health from Johns Hopkins. His treatment interests are in addiction and chronic pain and prior to completing his psychiatry training he worked as an interventional pain specialist.

ALICE BELL, PT, DPT, GCS

Alice Bell received her BS in Physical Therapy from Northeastern University in 1982 and her Clinical Doctorate from the University of Montana in 2011. Dr. Bell is a Board Certified Specialist in Geriatrics. Her professional activities include: member of the Professional Technical Advisory Committee for the Joint Commission, National Quality Forum, CMS Skilled Nursing Facility Payment Models Technical Expert Panel and GeriEDGE Task Force for Fall Risk. Dr. Bell's recent work has focused on the redesign of clinical care models to promote improved alignment with the Triple Aim.

KATHLEEN A. CAMERON, MPH

Kathleen A. Cameron has over 25 years of experience in the health care field as a pharmacist, researcher and program director focusing on falls prevention, geriatric pharmacotherapy, mental health, long-term services and supports, and caregiving. Ms. Cameron is currently Senior Director at the National Council on Aging (NCOA) where she oversees the Administration on Aging-funded National Falls Prevention Resource Center. Ms. Cameron was previously with JBS International as director of a SAMHSA-funded technical assistance center aimed at educating the aging network, mental health providers and policy makers about behavioral health conditions among older adults. She has also held positions at the American Society of Consultant Pharmacists Foundation and the National Council on Aging. She has served as a consultant to various aging and health care organizations in the Washington DC area. Ms. Cameron received her BS degree in pharmacy from the University of Connecticut and her MPH from Yale University. The topic of her Master's thesis was medication use and risk of falling among community-dwelling older adults.

MICHELLE FRITSCH, PHARMD, BCGP, BCACP

Michelle Fritsch is a certified geriatric clinical pharmacist with a passion for preserved health in aging and for education. She is currently founder of Meds MASH, LLC, a company dedicated to reducing risks posed by medications and falls in mature adults. She is a Purdue graduate and completed a primary care residency in Madison, Wisconsin. She has been a professor since 1992 and was most recently founding Professor and Chair, Department of Clinical and Administrative Sciences at the Notre Dame of Maryland University School of Pharmacy in Baltimore, Maryland.

PENNY SHELTON, PHARMD, BCGP, FASCP

Dr. Shelton is a certified geriatric pharmacist and past president of the American Society of Consultant Pharmacists. She earned her pharmacy degree from Campbell University and

completed a 2-year Fellowship in Geriatrics at the University of North Carolina and Glaxo, Inc. Most of her career has been in academia where her teaching and research centered on her passion for medication appropriateness and safe aging for older adults. In June 2016, Penny transitioned out of academia to pursue another love, association management and the ability to influence practice through policy at the state level. Prior to her current position, she served as Professor and Associate Dean for Academic Affairs with the Dunn School of Pharmacy at Shenandoah University.

JACQUELINE WILSON, MS, OTR/L

Jacqueline Wilson is a Clinical Assistant Professor, Academic Fieldwork Coordinator and former Director for the Occupational Therapy Center at the Institute for Well-Being, all within the Department of Occupational Therapy and Occupational Science at Towson University. With Linda Oland, she developed reConnect, Inc., a non-profit program utilizing equine assisted occupational therapy sessions for team building and skill development in individuals and families. Her occupational therapy experience has included hospital based acute care psychiatry, school-based pediatric practice, home health care, and private practice.

DEANNA TRAN, PHARM.D, BCACP

Dr. Tran is an assistant professor in the Department of Pharmacy Practice and Science at the University of Maryland School of Pharmacy. She currently practices at the University of Maryland Medical Center's Anti-thrombosis Clinic and Prince George's Hospital Inter-professional Clinic Transition Clinic. She previously served as Clinical Programs Consultant for the Landover division of Giant Pharmacy, serving 158 pharmacies in Maryland, Virginia, Delaware, and the District of Columbia. During her time with Giant Pharmacy, she assisted in the development and implementation of patient care services including immunizations and travel health clinics. She continues to remain active in providing immunizations to patients in her current practice site, as well as educating and training pharmacists and student pharmacists on the APhA Immunization Certificate program.

ROSS D. MARTIN, MD, MHA

Dr. Martin is Program Director for Research and Transformation at CRISP – a regional health information exchange serving Maryland, Washington, DC and West Virginia – where he serves on the leadership team, leads ambulatory customer outreach efforts, and leads the establishment of a new research data capability. He previously led CRISP's Integrated Care Network (ICN) infrastructure initiative.

Before joining CRISP in August 2015, Dr. Martin was a Vice President at AMIA, responsible for public policy and business development at the 5,000+ member association for informatics professionals. Prior to joining AMIA in 2012, he was Specialist Leader and co-lead of the healthcare go-to-market team in the Federal Strategy practice at Deloitte Consulting LLP, a global consulting firm, where he focused on the technology standards and policies that support adoption and meaningful use of electronic health records, health information exchange, and the convergence of clinical research and clinical care. Prior to joining Deloitte in 2009, Dr. Martin was Director of

Health Information Convergence at BearingPoint, Inc. From 2001-2007, he worked in various Business Technology and informatics roles of increasing responsibility at Pfizer Inc, ultimately serving as Director of Healthcare Informatics at Pfizer where he worked on standards for electronic prescribing, electronic medical records, connecting clinical trials to personal health records, the emerging nationwide health information network, and medical education.

Dr. Martin has worked as an obstetric house physician, an urgent care physician, a consultant in managed care, health technology assessment and medical informatics, and as a professional writer and healthcare publication editor. His peripatetic educational journey included a BA in political science from Wright State University, a medical degree from the University of Cincinnati, OB/GYN residency at Bethesda Hospitals, a master of health services administration degree from Xavier University, and a National Library of Medicine fellowship in medical informatics at the Harvard/MIT Division of Health Sciences & Technology.

Dr. Martin currently serves on the Maryland board of the Health Information and Management Systems Society (HIMSS) and on the Executive Committee of MedBiquitous. He has served on the American Health Information Community's Consumer Empowerment Workgroup, the Board of Trustees of the National Council for Prescription Drug Programs (NCPDP), and the Board of Directors of the American National Standards Institute's Health Information Technology Standards Panel (ANSI HITSP). He has also been an active participant in HL7, the Health Information and Management Systems Society (HIMSS) and the American Medical Informatics Association (AMIA). He is a frequent speaker on matters related to healthcare transformation. He was the first recipient of NCPDP's Rising Star Award in 2004. He briefly taught physician executives about health IT as a Senior Executive Education Fellow at the University of Maryland's Smith School of Business.

An accomplished vocalist, musician and writer, Dr. Martin has composed musicals, penned screenplays, and produced music videos. He is considered the world's leading medical informatimusicologist, serving as President, Founder and Fellow of The American College of Medical Informatimusicology (www.ACMImimi.org). He performs on street corners, in coffeehouses and, increasingly, at medical and technology conferences just often enough to remind himself why it's good to have a day job. In 2004, he was awarded a US Patent on the one-sided printing and manufacture of Möbius Strips.

Dr. Martin lives in a suburb of the DC/Baltimore corridor with his wife, Kym, a four-time, 30+-year cancer survivor and professional patient advocate, and his 15-year-old son, Taylor, who are both constant reminders of the need for accelerating the transformation of our healthcare system through the dynamic flow of health information and continuous process improvement. MARKEYA MARTIN

Markeya Martin is the long term care, post-acute outreach coordinator at The Beacon Institute for CRISP. She is responsible for educating, connecting, and onboarding new communities with CRISP. She holds a Bachelor of Science in Community Health.

FRANK L. GROSSO, RPH

Frank Grosso has 35 years of LTC Pharmacy experience and is currently Executive Director and CEO of the American society of Consultant Pharmacist. Prior to his current position Frank was Vice President of Pharmacy Services for Genesis Healthcare, a Long Term Care Provider, with corporate headquarters in Kennett Square, PA. His responsibilities include oversight of the operational and contracted pharmacy services for 411 Nursing Centers and Assisted Living Communities owned and managed by Genesis. Frank's experience beginning with Consultant Pharmacy, include LTC Pharmacy Sales and Operations Management and he served as Senior Vice President of Pharmacy Operations for NeighborCare Pharmacy for 14 years. In addition to ASCP membership since 1980, Frank has been an active participant in the AHCA Pharmacy Advisory Group since 2006.

JOSEPH G. MAREK, RPH, BCGP, FASCP

Mr. Marek is Vice President of Pharmacy Services for CommuniCare Health Services and is the current President of the American Society of Consultant Pharmacists (ASCP). He currently oversees the clinical and operational aspects of pharmaceutical and comprehensive medication management services at CommuniCare. He has practiced as a consultant pharmacist, clinical services manager and director of pharmacy services for over twenty-five years primarily in LTC/PAC. Joseph has extensive experience in medication management, medication reconciliation during transitions of care and comprehensive integrated pharmaceutical services. Prior to CommuniCare, he had several clinical and managerial roles during his twenty years at Omnicare the largest LTC/PAC pharmacy in the country.

LINDA M. SMITH, RPH, P.D., CGP

Linda M. Smith is an Independent Pharmacy Consultant serving residents in long-term care facilities as well as clients in the community providing medication management services for the past 14 years. From 2008 to 2012 she taught as a member of the Adjunct Faculty in the Pharmacy Technician Program at Hagerstown Community College in Hagerstown, MD and in the Division of Allied Health Sciences at Blue Ridge Community and Technical College in Martinsburg, WV. She provides consultant pharmacy services to surgical centers and other companies. She is currently CE Coordinator for the Quad State Pharmacy Association. She is a Past President of the Maryland Chapter of the American Society of Consultant Pharmacists (MD ASCP) and was named Senior Care Pharmacist of the year in 2015. Linda is a new co-Chair of the MD ASCP Legislative Committee. She has served on three different CRISP advisory committees. CRISP is the Maryland Health Care Commission Health Information Exchange for Maryland and the District of Columbia. She has spoken at Maryland ASCP meetings on medication reconciliation and error reduction.

Prior professional experience includes being IV Supervisor of a hospital pharmacy, starting a home infusion program for the for-profit subsidiary of a non-profit hospital, working as a staff pharmacist and as Director of Pharmacy Services in long-term care pharmacies, providing MTM services to elder clients across the United States by telephone, working as a consultant in skilled

nursing and assisted living facilities, developmentally disabled homes and providing disease management services to employees of companies with diabetes and cardiovascular issues.

Linda received her BS degree in Chemistry from Bucknell University in 1969 and her BS degree in Pharmacy from the University of Connecticut in 1977. She is a Registered Pharmacist in Connecticut, Maryland, Pennsylvania and Virginia. She became a Certified Geriatric Pharmacist in December 2002.

WINDY IRWIN, PHARMD, BCGP

Dr. Windy Irwin is a Board Certified Consultant Pharmacist responsible for clinical and regulatory initiatives designed to optimize medication management and quality assurance efforts of long-term care, post-acute care and assisted living facilities. She is presently employed by Carroll Care Pharmacies, LLC and is also in the preliminary process of starting an independent consultant pharmacist practice, MedAtlanticRx, LLC. Dr. Irwin will also be operating as the Medical Director of Premium Medicine of Maryland, a medical cannabis dispensary. She is a licensed pharmacist in the states of Maryland and Virginia.

Dr. Irwin began her pharmacy career in 1990 in a retail pharmacy setting where she spent 17 years before transitioning to hospital pharmacy, long-term care pharmacy operations and consulting. She is a member of American Pharmacists Association and the American Society of Consultant Pharmacists, Americans for Safe Access, Society of Cannabis Clinicians and Teams for Medical Missions serving in Jamaica. She has recently received her board certification in geriatric pharmacy and medication therapy management.

Dr. Irwin received her Doctor of Pharmacy degree from the University of Maryland School of Pharmacy in 2001.

NANCY L. LOSBEN, PD, FASCP, CG, CP

Nancy Losben is a Consultant Pharmacist and Chief Quality Officer for Omnicare/CVS Health, a pharmacy services provider serving over 2 million long term care admissions annually. She has holds an adjunct faculty appointment at the University of the Sciences in Philadelphia. A certified consultant pharmacist, Ms. Losben holds certificates in Gerontology and pharmacy regulations. She has lectured on topics including Use of the MDS by Long Term Care Pharmacists, Medication Safety and Error Prevention, Enteral Nutrition, Medicare Reimbursement, and Adult Immunization,

She is a Fellow of the American Society of Consultant Pharmacists and Chair of the ASCP Foundation. Ms. Losben has served as a member of the Pharmacy & Therapeutics Committee of ProVantage Prescription Management Services, a Wisconsin-based pharmacy benefits management company serving over 4 million lives. Nancy represented The American Society of Consultant Pharmacists to The Long Term Care Professional and Technical Advisory Committee of The Joint Commission for 5 years and was the Chair of ASCP's Educational Advisory

Committee from 1999 to 2001. She served as the Chair of the Antimicrobial Stewardship Steering Committee of ASCP in 2016. She is a member of the American Medical Director Association's Clinical Practice Guideline Committee.

In March, 2011, Nancy received the Volunteer of the Year Award from the American Medical Directors Association. In November, 2010 Ms. Losben received the ASCP Richard S. Berman Leadership Award for her dedication to the Society and in May 2001, Nancy received the Eli Lilly/ACSP Excellence in Education Award in Washington, D.C. for her work in educating pharmacists. Nancy received the NeighborCare Sales and Marketing award in the Fall of 2001 in Tampa, FL, and in October 2000, she was the recipient of the Leadership in Quality Care Award presented by Genesis Health Ventures in Baltimore, MD.

She holds a pharmacy degree from Temple University in Philadelphia and has completed a consultant pharmacy course sponsored by Rutgers University.

NICOLE J. BRANDT, PHARM.D, MBA, CGP, BCPP, FASCP

Dr. Brandt is a Professor of Geriatric Pharmacotherapy and Executive Director of the Peter Lamy Center on Drug Therapy and Aging. Since joining the University of Maryland, School of Pharmacy, she has expanded geriatric training opportunities (e.g. geriatrics pathway, accredited geriatrics residency, co-investigator on geriatric education consortium). In addition, she has worked on various interdisciplinary teams through numerous practice settings and is currently leading initiatives to integrate sustainable pharmacist directed services to help older adults with multiple co-morbidities age in place. Furthermore, she has been active in promoting optimal care for older adults and has affected this through her educational, clinical as well as healthcare policy work. She has directed projects such as Medication Use Safety Training for Seniors and Medicare Part D Medication Therapy Management programs.

Her public policy advocacy occurs on both a state and national level. She has worked with the Maryland Board of Pharmacy on the Maryland Assisted Living Regulations. In addition, she completed tenure at CMS as a special technical director in the Nursing Home Survey and Certification working on interpretive guidance regarding medication management in nursing homes. She is one of the authors for the 2012 and 2015 American Geriatrics Society Beer's Criteria and the immediate past President of American Society of Consultant Pharmacists.

She has two very active children (15 & 10) and in her free time loves to do triathalons as well as bake.

DAVE H. JONES, PD, FASCP

David Howard Jones is an independent consulting pharmacist focusing on Long Term Care settings and geriatric patients in the community.

He served as the Long Term Care Commissioner for one term for the Maryland State Board of Pharmacy and was elected to be the Secretary of the Board for the last year of service.

David previously worked for MedStar Good Samaritan Hospital where he served as the Clinical Pharmacist for the orthopedic surgery program. Primary duties included anticoagulation monitoring / dosing and pain management for hip and knee surgery patients. Monitoring overall medication regimen compliance and adherence and patient and staff education programs were included in responsibilities.

In 2013, he served as the President of the Maryland Chapter of ASCP and is Co-Chairperson of the Education Committee. David was selected Pharmacist of the Year for 2008 by the organization.

Prior professional experience included acute care, long term care consulting, home and LTC infusion, and utilization/ outcomes management. He also served as Long Term Care Liaison for the State of Maryland and a number of Health Care Providers.

David is a 1970 graduate of the University of Maryland School Of Pharmacy. He is a Registered Pharmacist, licensed in the state of Maryland.
