

Step by Step Instructions for viewing results for the Neonatal Abstinence Syndrome Quality Audit

Viewing VON Day Audit Results

The reports should be available within a week after the audit closes. You will be notified when they are available. Anyone at your center who has Member's Area access through the VON public website (www.vtoxford.org) will be able to view the reports.

To see the audit reports, go to www.vtoxford.org and log in to Member's Area

1. Click on the Member's Area login menu, to login to the Member's Area.

You should see this page below:

Please note, security has been enhanced on our site. User passwords will expire every 90 days. You will be prompted to change your password starting a week prior to its expiration date.

Access to Vermont Oxford Web Sites is managed by the VON Services Administrator(s) at your center to ensure that only authorized staff at your center can view the confidential data available. If you do not have access, please click the "Need a login and password?" link on the left to send a request to your VON Services Administrator.

2. Log in using your credentials. If you have forgotten your password, click on the "Forgot your password?" link and a new one will be sent to your login email address.
3. Once you log in you will see the page below.

Reference Quick Links

Valuable links and materials on the data collection, submission, and finalization process, including eligibility criteria, password information, timelines, and user guides.

Vermont Oxford Network News

Register Now for iNICQ 2017: Choosing Antibiotics Wisely

Studies have shown stewardship programs may lower the use of antibiotics by almost 20% and have linked such programs to a drop in infection rates. We're pleased to announce that Vermont Oxford Network, in collaboration with the Centers for Disease Control and Prevention, will continue to tackle the problem of antibiotic overuse and misuse in 2017.

Current iNICQ teams are encouraged to continue their stewardship work with us and new centers, states and health systems are welcome to join the collaborative in the second year. For more information [click here](#).

4. Click on the link that says "Your VON Days Reports"

This will bring you to the following grid:
